

Mini Painting Workshop

Craft-a-Long Supplies List

- ♥ Brushes (Several small ones. I use sizes 0, 00, and 000 mostly in art-brush sizes, plus a few slightly larger ones for washes and dry brushing. If you go mini-painting brands, I have Army Painter ones I like.)
- ♥ Clear sealer (Optional. Can do matte (for dull finish) or glass (for shiny things).)
- ♥ Hobby Knife (Something to do precise cuts with)
- ♥ Mini to paint (At least 1. Having more means you have things to do while the first one dries.)
- ♥ Paints (Varies. You can use acrylics from your big box store or special paints for minis. I use Reaper and Vallejo paints.)
- ♥ Plastic Shot glass (One per mini)
- ♥ Sticky Tack
